Welcome

Dear Friends,

On behalf of the Institute for Surgical Excellence (ISE), it is an honor to welcome you to the 2025 ISE Celebration of Champions. This event celebrates all of you—our patients, nurses, doctors, healthcare teams, hospital partners, and industry collaborators. Your dedication, teamwork, and leadership have driven advancements in cancer prevention, early detection, innovative treatments, and surgical excellence. This year, we are honored to support the Foundation for Women's Cancers to help support the great work that they do to raise awareness and research support for Women's Cancers.

This year's Celebration of Champions is not only a recognition of past achievements but also a call to action. Together, we share the mission of improving patient outcomes and raising awareness of cancers that affect both women and men worldwide. Through fostering innovation, discovering novel therapies, and embracing cutting-edge surgical techniques, we bring hope and healing to countless patients. While we have made significant progress, much work remains as we collaborate together toward finding better treatments – and hopefully someday a cure - for patients who are diagnosed with cancer.

We hope today's event is an opportunity to celebrate your remarkable contributions, forge meaningful connections, and reflect on all you have accomplished. Let this moment inspire you to dream boldly and pursue a vision that turns those dreams into reality.

Once again, congratulations on all you have achieved. Please remember to donate (or be a part of the online auction) to help support research and education for the Foundation for Women's Cancer. Your unwavering dedication and passion inspire us to strive for even greater excellence and innovation as we move forward together.

On behalf of the ISE Board, thank you for joining us!

Warm regards,

Martin A. Martino, MD
